

## SCREENING AND ENROLMENT

- Overseas carers' and nurses' qualifications are assessed to ensure they meet entry requirements.
- Suitable training programs are provided based on candidates' skills and goals.
- Trainers are APHRA-registered nurses with expertise in aged care and disability.
- Training is aligned with ASQA, Aged Care, and NDIS Commission standards.

## COMPREHENSIVE TRAINING AND PREPARATION

- CHC33021 Certificate III in Individual Support for all candidates
- Training includes theoretical and practical coursework, and placements. Tailored training is available.
- Ensures candidates are well-prepared to deliver high-quality support.
- Philippine RNs can progress to our OBA program (NCLEX and OSCE), and work toward AHPRA registration

## EMPLOYER MATCHMAKING

- UQT presents certified candidates to potential employers upon completion of their training.
- We coordinate and facilitate interviews, streamlining the process for employers to evaluate and select candidates.
- Our goal is to match the right talent with the right employers, ensuring a successful and efficient hiring process.

## DEPLOY CANDIDATES

- UQT assists with the migration process, including visa applications and relocation logistics, ensuring a smooth transition for carers.
- We provide support with settling in, including understanding local systems and cultural practices.
- Onboarding can be completed by Unified Quality Training - i.e. introduction to organisation, WHS, etc.

## SETTLEMENT AND ONGOING SUPPORT

- Following deployment, we provide ongoing support to both carers and employers, including transition monitoring and addressing training or adjustment needs.
- For deployed carers, we assist with settling in Australia, including finding accommodation, setting up bank accounts, and obtaining a driver's license.
